Save Elephants

Earned for learning about Asian elephants and ElephantsWorld in Thailand, a sanctuary for sick, old and abused elephants.

You have just learned about ElephantsWorld in Thailand, our elephants and Asian elephants in general.

At ElephantsWorld we work for the elephants, instead of them working for us.

Share your knowledge about these giants with your friends and help to give them a better life in the future!

We hope to see you one day on ElephantsWorld and that way get to know our elephants for yourself.

ElephantsWorld, where we bring humans, animals and nature together.
